

Bayshore Christian School is working diligently to adhere to all CDC and local government guidelines to ensure everyone is safe on campus.

Due to the current pandemic and CDC and local government guidelines, I agree to the following terms of condition:

1. If a volunteer is displaying signs of illness, the volunteer will stay home.
2. All volunteers, especially those with underlying medical conditions, are vulnerable. By visiting/attending Bayshore Christian School, volunteers voluntarily assume all risks related to exposure to COVID-19.
3. Volunteers will be screened for symptoms listed by the CDC (cough, shortness of breath or difficulty of breathing, fever, chills, muscle pain, sore throat, and/or loss of taste or smell) and will have their temperature taken every volunteer day. If symptoms or a temperature above 100.4 are detected, the volunteer will not be allowed to stay on campus and must adhere to contents of number 4 below.
4. If a volunteer develops a fever of 100.4 or higher or shows signs of any symptoms listed by the CDC at least 48 hours prior to volunteering at Bayshore Christian School, the volunteer will notify the school immediately, and the volunteer will not be able to return until they are fever-free without the use of fever reducing medicine for 24 hours. In addition, the volunteer must provide a note from a doctor that he or she is cleared to return.
5. If the volunteer travels outside of the greater Tampa Bay area or is exposed to someone who has or may have been exposed to COVID-19, the volunteer must notify Bayshore Christian School immediately and will not return to BCS until a two-week self-quarantine is complete.

By signing my name below, I agree to the above guidelines and requirements. By not signing my name below, I recognize I may not volunteer at Bayshore Christian School for the 2020-2021 school year.
