Bayshore Christian School Re-Entry Plan

**CAMPUS OPENS AUG. 12**

# Confidence in our Community

Bayshore Christian School's mission and purpose remain stronger than ever during these challenging times. When we left our campus on March 13<sup>th</sup>, we shifted to a remote learning plan in the context of a global emergency. We are no longer in response mode for a sudden crisis, yet we continue to enhance delivery of instruction in a current and post-COVID world. Over these past months, Bayshore has worked with our administrative team, faculty, and staff, to prepare our campus for learning.

We have developed, and continue to refine, our re-entry plan to provide both safety and learning continuity with a Biblical worldview for all of our students.

## Life on Campus

### School Considerations:

- Implement standard operating procedures while taking preventative measures such as:
  - Provide hand sanitizer for students and staff
  - Limit unnecessary congregations of students and staff
  - Post signage in classrooms, hallways, and entrances to communicate how to stop the spread, COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school specific protocols
  - Establish a protocol for students or staff who feel ill or experience symptoms when they come to school.
- Screen students and staff (to the extent practicable):
  - Take temperatures before entering buildings
  - Isolate and send home if internal temperature over 100.4°F (38°C)
- Establish protocol for visitors: calling front office before entering, screening visitors, requesting use of face coverings/masks, etc. Restrict nonessential visitors and volunteers.
- Establish a protocol for student pick/drop up: staggered entry and release, marked spacing for drop-off/pickup

### School Considerations:

- Post signage in classrooms, hallways, and entrances to communicate how to stop the spread, COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school specific protocols.
- Establish a protocol for students or staff who feel ill or experience symptoms when they come to school.
- Mark spaced lines to enter the building and designate entrance and exit flow paths
- Screen students and staff (to the extent practicable):
  - Take temperatures before entering buildings
  - Isolate and send home if internal temperature over 100.4°F (38°C)
- Establish protocol for visitors: calling front office before entering, screening visitors, requesting use of face coverings/masks, etc. Restrict nonessential visitors and volunteers.
- Establish a protocol for student pick/drop up: staggered entry and release, marked spacing for drop-off/pickup

**School buildings are closed for K-12:** only *essential staff* report in-person to carry out functions that are *absolutely necessary*.

### School buildings are open K2, K3, K4:

Following all required CDC guidelines and restrictions for early learning centers: 9:1 (or lower ratios)

### School Considerations:

- School leaders should leverage virtual tools and platforms wherever possible to conduct essential business and keep in-person reporting to an absolute minimum **during** school closures
- Screen students and staff (to the extent practicable):
  - Take temperatures before entering buildings
  - Isolate and send home if internal temperature over 100.4°F (38°C)
- Establish protocol for visitors: calling front office before entering, screening visitors, requesting use of face coverings/masks, etc. Restrict nonessential visitors and volunteers.
- Establish a protocol for student pick/drop up: staggered entry and release, marked spacing for drop-off/pickup

## Transporting Students: Field Trips Sporting Events

### School Considerations:

- Implement standard operating procedures while taking preventative measures such as:
  - Providing hand sanitizer for students and bus drivers
  - Allowing bus drivers and students to wear face masks/coverings
  - Limiting field trips to areas of limited/low transmission: All field trips for the first semester have been postponed.
  - Cleaning and disinfecting frequently touched surfaces on the bus at least daily
  - Airing out buses when not in use

### School Considerations:

- Provide hand sanitizer for students and bus drivers
- Provide face masks for bus drivers; allow students to wear face masks/coverings
- Screen students and bus drivers for symptoms of illness and utilize space
- Eliminate field trips
- Clean and disinfect frequently touched surfaces on the bus at least daily

**School buildings are closed for K-12. Follow all guidelines set forth by FHSAA for athletics.**

### School buildings are open K2, K3, K4:

- Following all required CDC guidelines and restrictions for early learning centers: 9:1 (or lower ratios)

**No transporting of preschool students.**

Updated as CDC/DCF Recommendations Evolve

Considerations for testing/health screenings for students, faculty, and staff before entering building

Parents and visitors will not be permitted in the buildings.

Lunch will take place outside when weather permits or in classrooms. Lunchroom and picnic tables will be disinfected following every use. A refillable water station is available. Students must bring their own water bottles as all drinking fountains will be closed until further notice.

The use of masks is strongly encouraged by health authorities for K2-12<sup>th</sup> grade students. Students are expected to have a mask at all times and wear a mask when social distancing is not feasible. Frequent outdoor mask breaks will be made available for all students.

Schedule for drop-off and pick-up will continue to be staggered.

Athletic offerings will be determined by FHSAA recommendations and requirements.

Each student will be required to quarantine for two weeks prior to returning to campus throughout the year if they have travelled to a county, state, or country identified by the CDC and/or following an illness with a fever above 100.4.

Modifications to dress uniform due to increased time spent outdoors – Dri-fit options now available: LandsEnd.com (K-12). Chapel uniforms will not be required for the month of August.

Frequent cleaning of facilities and equipment will occur throughout the day. Handwashing signs and procedures will be posted in all school restrooms. In addition to hand sanitizer and cleaning products in each room, sanitizing stations will be placed around the school Campus.

Outdoor space will be utilized to its full potential for instructional and social purposes.

```
- Go to sick room to quarantine
  - Given a new disposable mask
  - Parent notified – parent must pick up student(s)/sibling(s) within 30 minutes
  - Required to notify a physician and follow physician's recommendations
  - Communicate physician's recommendations with school

**Testing:**  
Results Positive  
for COVID-19

- Student(s) testing positive/Sibling(s) must quarantine for 10 days or from when a positive test is performed. Must remain asymptomatic for 72 hours before returning.
- Notify parents of classmates
- Close student's classroom(s) 48-72 hours for sanitation
- Begin virtual instruction for student and classmates while classroom is closed for disinfecting/sanitation
- Classmates may return in 48-72 hours per CDC guidelines

Physician's Recommendation

**Testing:**  
Results Negative  
for COVID-19

- Student/Sibling may return to school
- The student may return to school after being fever free for 24 hours without fever reducing medication

**No Testing**

- Student/Sibling may return to school with physician's clearance. A physician's note is required
- Paperless notification only: Physician's note must be faxed or emailed to the school from the physician's office.
- If the student has a fever, the student may return to school after being fever-free for 24 hours without fever reducing medication.

# Family Expectations

BCS families play an important role in helping with the safety on campus.

- **Stay home if sick.** If your student or someone in the household is sick, please keep your student home.
- **Sign BCS Covid-19 consent form.** BCS will require a signed consent form that acknowledges you are aware and accept the risks that are involved with on campus learning. You will have the option for blended learning. Decisions must be made quarterly for blended learning. **Medical Forms and Emergency Contacts** must be updated with a minimum of 2 emergency contacts who are able to pick up your student within 30 minutes of being called by BCS if your student(s) display symptoms of being ill.
- **Stay home if exposed to Covid-19.**
- **Practice Social Distancing.**
- **Face Masks** – Practice wearing a mask at home with preschool-age children and when out in public places. Wash mask(s) frequently.
- **Hygiene** – Practice and emphasize good hygiene at home, washing hands frequently.
- **Personal Items** - Limit and label the items that your student brings on campus (see supply list online).
- **No Visitors on campus** – Visitors are asked to remain in their vehicle for student pick up/drop off, call the school office from vehicle for assistance before entry.
- **Travel** - Please avoid unnecessary travel.
- **Blended learning** - This option involves increased responsibilities for our teachers; therefore, parents must request this option on a quarterly basis by the dates below. The school may or may not grant the family's request on a case-by-case basis. See page 17 for more information on blended learning.

# Blended Learning

Blended learning is an option if one of the situations below has occurred. This option involves increased responsibilities for our teachers; therefore, parents must request this option on a quarterly basis by the dates below. The school may or may not grant the family's request on a case-by-case basis.

Blended learning pace is determined by the instructor based on students' needs and level of understanding.
